

STUDENTS FOR A SUSTAINABLE STANFORD

Week of October 12, 2009

Green Goings-On

International Day of Climate Action On October 24, join the international community in drawing attention to our high carbon emissions. (www.350.org)

Help us make posters to display in the dining halls:
Wed. Oct. 14 at Synergy 7:30-9:30PM (Theo avelen@)
Fri. Oct. 16 at Columbae 10AM-1PM (Dani danuribe@)

Find Emily at the next meeting to get some 350 stickers to spread the word.

Reunion Homecoming Stanford needs volunteers to make the weekend of Oct. 24 greener.
Composting: Talk to alumni and point out those compost bins. (Theo avelen@)
Booth: Help man the SSS booth. (Leah leah9288@)
Tour: Help lead a tour focused on sustainability. (Leah leah9288@)

A New Composting Program is starting for Stanford dining-run cafés like The Axe and Palm and Olive's. They want student feedback. Email Leah to get on the mailing list (leah9288@).

Off-Campus Conferences It's time to register! We need names this week in order to get funding. Both are Nov. 6-8. See Jenny's email (jrempel@).
Powershift West Conference on climate change (west.powershift09.org/) in Eugene, OR
CSSC's Fall Convergence (www.sustainabilitycoalition.org/) in Santa Cruz

Wellstone Action If you're not out of town for a conference, come to the Wellstone Action activist leadership training workshop Nov. 7 (www.wellstone.org/).

Funding Need money to get started on your own green initiative? The deadlines for these applications are coming up fast:
Green Fund due Oct. 23: greenfund.stanford.edu
Woods Institute Mel Lane Grant due Oct. 19: <http://woods.stanford.edu/students/projects.html>

The Week in Recap

Trayless Update Last week SSSers chatted with students in Wilbur about the benefits of going trayless. Informal survey says: Most students have heard of the program; most students who take trays say they use them because they can't carry all of their plates without them.

Energy Bill Stanford's Board of Trustees is currently in the process of voting on energy infrastructure and climate change goals. Stay tuned for updates. (Eli epollak@)

Be sure to check out SSS's website at sustainability.stanford.edu.
Record a green event! Ask Dave to borrow one of our new mini HD cameras (dbgeeter@).
